

RADI Leather Atelier

Workshop

Hands-on classes in Sri Lanka
make & take your own leather piece

RADI Leather Atelier offers tiny, hands-on classes in Colombo where you learn real techniques and take home what you make. If you're serious about the craft, start with our Basic Leather Crafting & Tools Training—it covers leather types, tool use, pattern cutting, edge finishing, hand stitching, skiving, and hardware. Then pick a product workshop: Belt (3h), Men's Wallet (12h), Clutch (9h), Tote (12h), or a quick Passport Cover + Key Tag (3h). Sessions run in 3-hour blocks, small groups (max 3) or private 1:1.

Which experience is right for you?
